

Barnes Distribution

Your new GMDE partner with Innovative Solutions

WHO WE ARE . . . WHAT WE DO . . .

Barnes Distribution is proud of our new partnership with the General Motors Dealer Equipment program.

Barnes Distribution is an industry leader in the distribution of repair and shop supplies, with over 1,200 sales employees throughout North America.

We service thousands of dealerships through our vendor managed inventory process and will make sure your GM dealership is stocked with the right amount of inventory to get the job done right.

BDNA has helped dealerships like yours eliminate obsolete inventory, reduce costs and improve repair times through our broad product offering. Our complete line of shop and repair products means you only need one source for all your needs.
